## BEAUTIFUL DAZE

Saxophonist Rob Maletick's latest release is his return to being a solo artist after taking time off to support other artists. You might have seen Rob performing with Rob Zinn, Christian de Mesones, Kevin Howard, and the band Phaze II.

Produced by hitmaker Preston Glass, Beautiful Daze is an upbeat song that makes everyone want to dance. Rob hopes the song inspires everyone to stay positive in these trying times, and looks forward to performing this at festivals and concerts as soon as they return.

"Beautiful Daze is a contemporary jazz delight, a beautiful, open and bright smooth jazz melody over a steady, svelte groove. The track displays Rob's technical and artistic excellence and left me wanting more. I look forward to breaking this song on the airwaves on Soul on Ice. Keep your ear open for it. You won't be disappointed."
